SURNAME TABLE WORKSHEET

1. Enter ancestor's last names. If unknown, leave blank.
2. **Enter a name only once**. Typically that means mostly maiden names will be entered.
3. If a person was adopted, add an asterisk to the name.
4. Where paternal and maternal lines overlap, add a ### instead of repeating a surname.
5. If an ancestor changed surname or spelling, record both names.
6. **Alternate Spelling Finder:** https://datayze.com/alternate-spelling-finder.php
